

## *NSPS Training*

*Centre, where  
Business, Law, and  
Government  
Connect*

Centre Federal was recently awarded a \$24.8 million dollar Air Force contract to train supervisors charged with implementing the National Security Personnel System (NSPS). Centre recruits and trains the trainers, prepares and ships the courseware and coordinates and performs all logistics in order to ensure a successful training event. Centre has already performed over 100 training events to over 1,300 supervisors at Air Force bases across the country to rave reviews:

Randolph AFB – *“Best training I have ever received in my entire career.”*

Hill AFB – *“Outstanding! Exceptional Instructors!”*

Scott AFB - *“I wish I had received this training years ago.”*

### The Centre Success Story:

- Within two weeks of award, Centre assembled a team of over 100 professional trainers, most with advanced degrees
- Within four weeks (including December and January holidays) all trainers had attended a Centre train the trainers event
- Within four weeks, a central office was established for the logistics team
- Within 14 weeks, over 100 events had successfully been completed

### Why Centre?

- Exceptional past performance
- Extensive knowledge in NSPS
- Team of nationwide employees with extensive knowledge, skills and experience in training and NSPS implementation
- Experience in successfully implementing a large scale effort in multiple areas with a national team on short turn around
